Abstract

Simply citizenship is represented by rights and duties that constitution of the state secured, among which is the right to participate in the political, social, economic, mass media, cultural life... etc, and this right leads to achieve collective decisions towards public interest. The society here is characterized by equality before the law and confessing the priority of the acquired individual rights; while democracy is a system among a society's systems in one of its forms. In other word it is a governmental, social and a way of living within the least amount of coercive force, as such it expressive in looking after good for its people.
